Company Policy For Health, Safety and Welfare

The following is the formal policy statement of RE:Group (UK) Ltd which confirms the importance to which the company attaches to the safety of its employees, the general public and the environment according to the nature of the business and operations carried out.

The company recognises that it is one of its prime responsibilities, as far as is reasonably practicable, to provide facilities, safeguards and methods of working which, if properly used by employees and other authorised persons on site, will be conducive to their health and safety.

It is the company's intention, as far as is reasonably practicable, to maintain and operate all equipment facilities and to control the use of materials in such a manner as to prevent harm to their employees, the general public and the environment.

The Compliance Manager is responsible for implementing this policy and he will ensure that health and safety considerations are always given priority in planning and the day-to-day supervision at work.

To assist him in this respect, the company has appointed Mr M White, Safety Advisor, to give advice on the requirements of the relevant statutory provisions and safety matters generally.

All employees and sub-contractors are expected to co-operate with the company in carrying out this policy and must ensure that their own work, so far as is reasonably practicable, is carried out without risk to themselves or others.

Signed.....

Date: August 2010

Mr R Booth
Production Director
